

Kiibo

Robot face — quick setup

Scan with your phone camera

1. Plug in Kiibo and wait for **Wi-Fi setup** on its screen.
2. **Scan the code** above — your phone joins Kiibo's hotspot.
3. A page opens — pick **your home Wi-Fi** and enter its password.
4. Done! Kiibo connects and comes to life.

No QR scanner? Join Wi-Fi **Kiibo**, then open
192.168.4.1

Kiibo never sees the maker's Wi-Fi — only yours.
